

Carradale and East Kintyre Resident and Visitor Survey 2025

This survey was created jointly by the **Local Development Plan Group**, made up of members of **East Kintyre Community Council (EKCC)** and **Carradale Community Trust (CCT)**. The EKCC hold regular meetings and members of the public are actively encouraged to attend and add their voice to discussions. These regular meetings are advertised in advance – stating the main topics (agenda) for discussion – with posts on local notice boards and on our website seven days before each event. Agendas and minutes are available from the EKCC Secretary, at meetings or on this website.

The CCT undertake practical projects for the benefit of the community. CCT has been very successful in delivering projects and is currently working to identify its next priorities.

We're here to listen to your aspirations and hopes for East Kintyre, as well as any concerns you may have.

We are committed to listening and responding to the needs of our community. We last reached out in 2019 and those responses helped shape the Local Development Plan which can be found on the East Kintyre Website: <http://eastkintyre.org/ldp.php>

Since then, lots of things have changed and we want to take the opportunity to get up-to-date opinions on what improvements and changes you now feel are necessary to make our community sustainable, happy and healthy.

To provide ideas, we would appreciate it if you would complete this questionnaire and hand it in to the community shop. OR have your say online by scanning the QR code.
